

DiamondLight™ Analysis

Above is our [DiamondLight™ Analysis](#) report. Direct Assessment of Light Behavior from your diamond. No matter what major lab report you may have, this important measurement of Cut Quality and Beauty Potential is the way to know, in advance, how effectively the diamond has been cut. This report is credit card sized using multi-patented ImaGem technology. The results are not smoke and mirrors, but the science of image analysis brought to bear on diamonds.
